

Electronic Health System

Upon successful registration with the Electronic Health System (eHealth), you can give sharing consent¹ to individual participating healthcare providers (HCPs)², allowing their healthcare professionals to share and access your electronic health records (eHRs) of the following 11 types within the sharable scope for providing more suitable healthcare services to you.

Scope of eHR Sharable Data

Personal Identification and Demographic Data

Allergies and Adverse Drug Reactions

Diagnosis, Procedures and Medication

Encounters/Appointments

Clinical Note/Summary

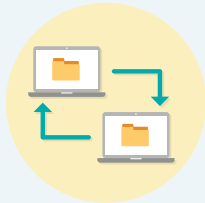

Birth and Immunisation Records

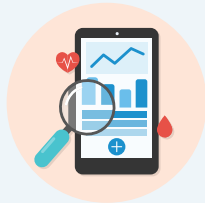

Laboratory and Radiology Reports

Other Investigation Reports

Healthcare Referrals

Observation and Lifestyle Records

Medical Certificate

The progress of uploading eHR sharable data by individual HCPs may vary subject to their level of computerisation and data standardisation of medical records. For details of data types shared by individual HCPs, please approach the HCP concerned or visit the eHealth website.

¹ Sharing consent to the Department of Health, Hospital Authority, the Primary Healthcare Commission (PHCC), and healthcare facilities managed or controlled by the Government, the HA, or an HA subsidiary (Government and HA Facilities) is taken to be given when joining eHealth

² Refer to eHealth participating healthcare providing organisations in the public and private sectors (e.g. hospitals, clinics, social welfare organisations, elderly homes etc.)
