

Electronic Health Record **Sharing System**

How to Join the Electronic Health Record Sharing System (eHealth)?

Method A - Online Submission

Step 1

Step 2

Bring your identity document to the following locations for record activation:

- eHR **Registration Centres (RCs)** of the Hospital Authority (HA) and the Department of Health (DH)
- Private healthcare providers (HCPs)¹

Method B - In Writing

Step 1

Complete the **Registration and Sharing Consent Form**² and submit by:

Post

Fax

Drop-in Box

Step 2

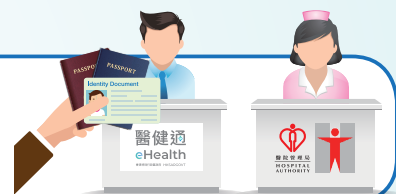

Bring your identity document to the following locations for record activation:

- eHR **RCs** of HA and DH
- Private HCPs

Method C - In Person

- Bring your identity document and register at eHR **RCs** or with our mobile registration teams

Successful Registration³

Receive and Use "Access Key" to Manage Sharing Consent

All Valid and Eligible Identity Document Holders are Welcome to Join⁴!

¹ Refer to eHealth participating healthcare providing organisations in the private sector providing healthcare to you (e.g. hospitals, clinics, social welfare organisations, elderly homes etc.)

² Available for download at <https://www.ehealth.gov.hk>

³ Upon successful registration, your health records within the eHealth sharable scope would normally be shared to the system in around 30 minutes

⁴ For details of registration for patients under 16 or aged 16 or above but incapable of giving consent, please refer to: http://www.ehealth.gov.hk/en/healthcare_recipient/registration/index.html
