

Migration Plan and Summary

Forum on “Migration of Radiology Image Sharing Pilot to eHRSS
Radiology Image Sharing”

20 Jun 2019

HI (eHR)

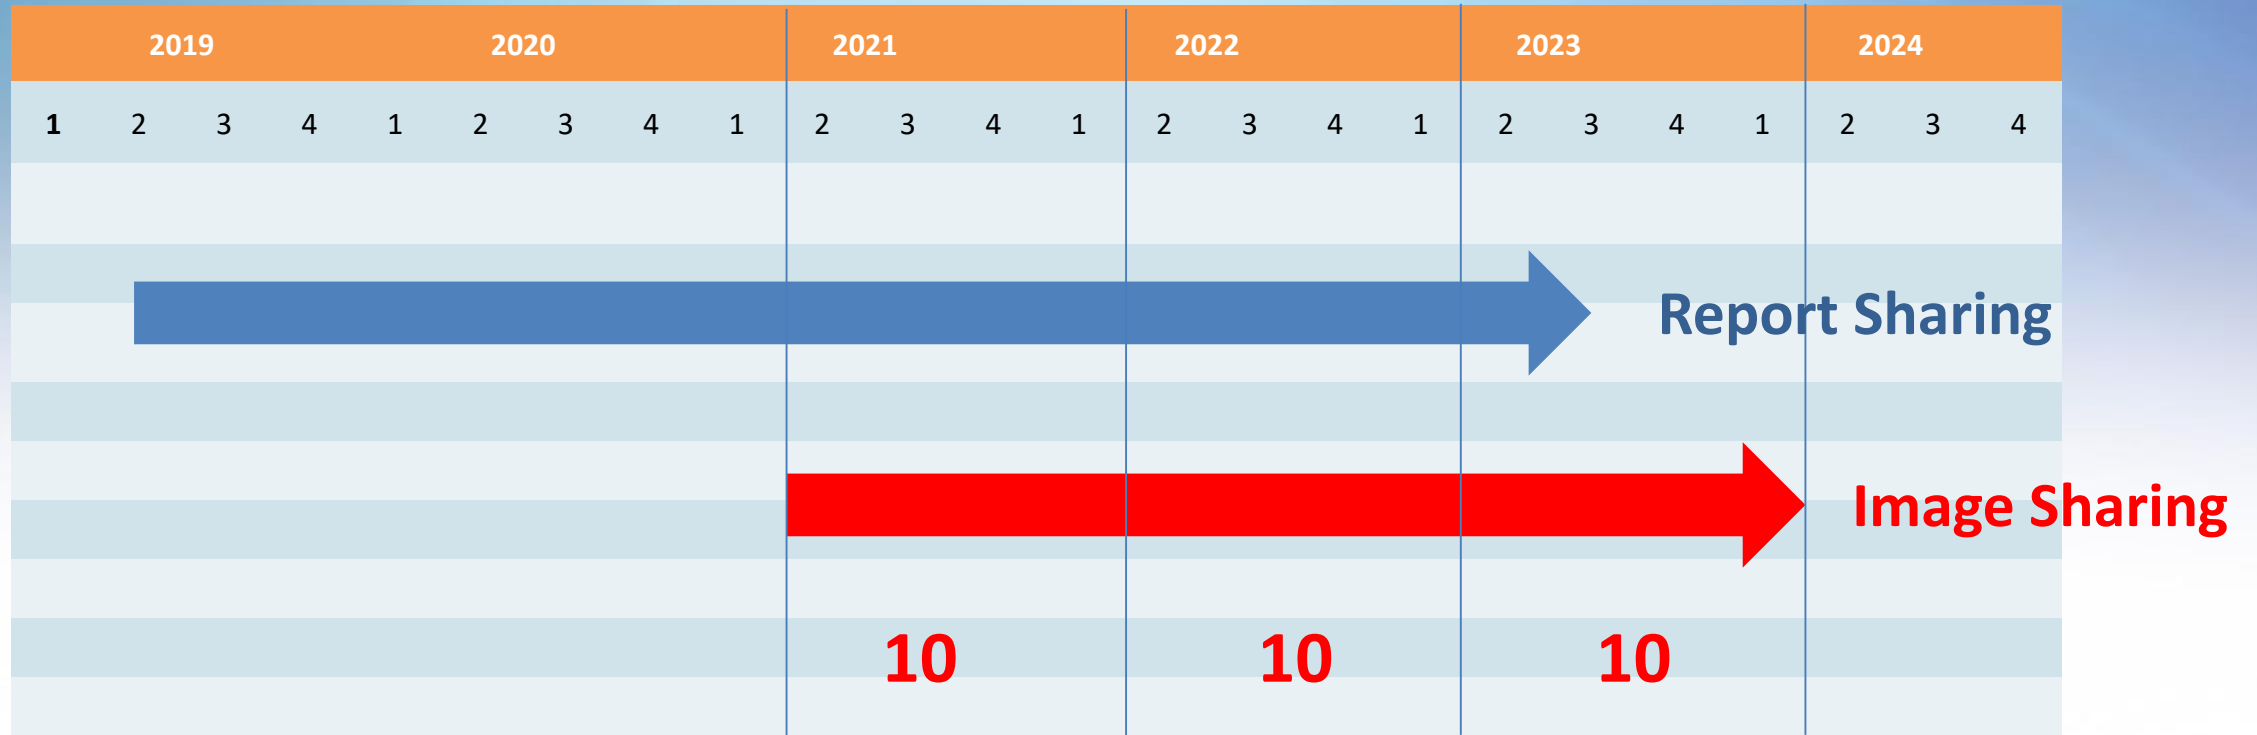

Migration Target

- Target to migrate 31 centres in three years (2021 2Q)
- Five groups

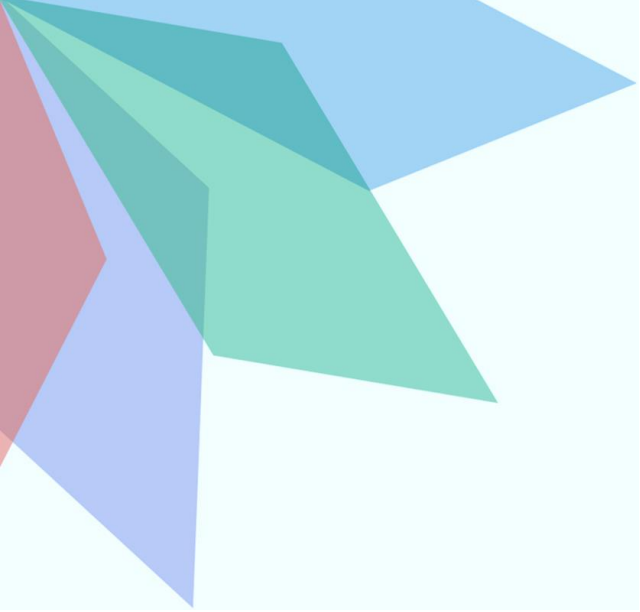

Group	Description
1	<ul style="list-style-type: none">• SHARING to eHRSS• Uploading Radiology Reports to EHRSS
2.	<ul style="list-style-type: none">• NOT SHARING to eHRSS• Joined PPP Program
3	<ul style="list-style-type: none">• SHARING to eHRSS• Not Uploading Radiology Reports to EHRSS
4	<ul style="list-style-type: none">• NOT SHARING to eHRSS• HIGH no. of HA referrals (>500 studies per Quarter)
5	<ul style="list-style-type: none">• NOT SHARING to eHRSS• NOT HIGH no. of HA referrals (<500 studies per Quarter)

High Level Migration Plan

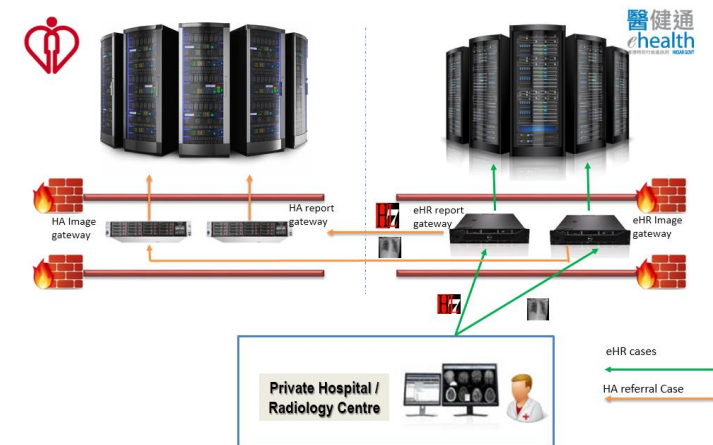

- **Migrate those that are business and technically ready first**
- **Estimate 4-6 weeks testing on Image Upload per HCP**

Take home message

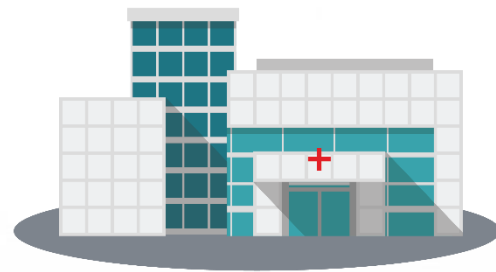

eHRSS Radiology Image sharing

1. eHRSS Radiology Image sharing will begin 1Q 2021
2. Centres which joined the Pilot will be migrated to eHRSS

Migration Plan to eHRSS

1. Target to migrate 31 centres in three years
2. Suggest HCP to share radiology reports to eHRSS first – effective immediately

Checklist for migration

- HCP join eHR
- Patients to join eHR
- Build sharing consent with patient
- Workflow changes (e.g. capture referral number in local system, daily health check report in eHR Inbox)
- Measure to maintain good quality practice
- Consideration of Initial load of recent 2 years' images
- Comply with eHR standard (Health Recipient Index, standard for sharing Radiology Examination-report & images)
- Usage on LAAM
- Network capacity consideration

Any enquiries:

- Business:

1. Dr Jonathan Poon : jonathan@ha.org.hk
2. Ms. Gigi Chan: gigichan@ha.org.hk

- Technical:

1. Mr. Michael Cheung: michael.cheung@ha.org.hk (Radi report)
2. Mr. Ronde Leung: ronde.leung@ha.org.hk (Radi image)

Thank you
