

# Electronic Health Record Sharing System

The central logo for the eHealth system features the Chinese characters "醫健通" (eHealth) in blue, with "ehealth" in a stylized blue font below it. Underneath the logo, it says "香港特別行政區政府 HKSAR GOVT". The logo is surrounded by various medical and health-related icons, including a test tube, a person with a heart, a tooth, a person, lungs, a padlock, a first aid kit, a pill, a building, a person with a stethoscope, a DNA helix, a microscope, a person, a shield with a cross, and a person with a heart rate line.

# 你知道嗎？

專員發出的《實務守則》的目標受眾是誰？

- i. 醫護接受者
  - ii. 醫護專業人員
  - iii. 醫護提供者轄下的管理人員
  - iv. 醫護提供者轄下的行政人員
  - v. 醫護提供者轄下的技術人員
- a) i.
  - b) ii.
  - c) ii., iii.及iv.
  - d) ii., iii., iv.及v.
  - e) 以上所列皆是

# Regulations for Use of eHRSS

# **Purpose of the COP**

1. Provide good practice and recommendations
2. Facilitate understanding of operation and requirements
3. Guide the use of eHRSS in secure and proper manner

# Overview of COP

1. Registration of HCP
2. Handling registration of HCR
3. Obtain HCR's consent for eHR access
4. Manage HCS's user account
5. Manage HCP's own clinical records
6. Ensure general system security
7. Make data sharing to eHRSS secured
8. Handling DAR and DCR
9. Maintaining user account
10. Update records for eHR sharing
11. Points to note before accessing eHR
12. Points to note when viewing and using eHR
13. Respect confidentiality of HCR's information
14. Enquires and assistance

# Healthcare Provider

1. Registration as HCPs in eHRSS
  - Participate on voluntary basis
  - Observe Conditions of Registration and COP
2. Handling of registration of HCR
  - Handling registration and personal data and HCR requiring SDM
3. Obtaining HCR's consent for eHRSS
  - Obtain express and informed consent

# Healthcare Provider

4. HCP to manage healthcare staff's user account
  - Create and update staff accounts
  - Assign staff access to eHRSS on “need-to-know” and “patient-under-care” principles
5. HCP's own clinical records and sharing of eHR
  - Maintain clear and updated clinical records
  - eHR is not a replacement of HCP's own health records
  - Upload and share if the information is readily and electronically available and within sharable scope as soon as possible

# Healthcare Provider

6. Ensure general system security
  - System security guideline and practices and prevention of unauthorised access
7. Ensure data sharing to eHRSS secure
  - Comply with standards, policies and requirements for security and data sharing

# Healthcare Professional

1. Points to note when viewing and using eHR
  - Professional judgment to interpret information in eHRSS
  - Not a substitute for personal communication
2. Respect confidentiality
  - Duty of confidentiality of information

**Thank you**
