Investigation Report	Investigation report reference date	1003589	The date when the investigation was performed. If the investigation date is not available, use the report creation date.	TS	Time stamp					TS	M	1/2/2012
Investigation Report	Report entity identifier	1006481	The [eHR value] defined in "Investigation report list" codex. A unique identifier issued by eHR ISO for indicating the specific kind of clinical notes / investigation reports sharing to eHRSS. This identifier will be used for facilitating reports searching or filtering in eHR viewer.	CE	Coded element			Investigation report list		S	M	100285
Investigation Report	Investigation report title	1003590	The title of the investigation report	ST	String					ST	M	Echocardiogram Report
Investigation Report	Investigation report (PDF)	1003591	Investigation report in Portable Document Format (PDF)	ED	Encapsulated data					ED	M if [Investigation report (Text)] is blank	
Investigation Report	Investigation report report (Text)	1003592	Investigation report in text format	TX	Text					TX	M if [Investigation report (PDF)] is blank	
Investigation Report	Investigation report highlight	1003593	Summary of important information for the investigation report, e.g. important findings	ST	String					ST	O	Cardiac
Investigation Report	Investigation report remark	1003594	The additional information about the investigation report	TX	Text					TX	O	abc

Investigation report list

Purpose : To list out the investigation reports/records sharing to eHRSS investigation domain

Reference: from Information Architecture Management System (IAMS) Entity module - Entity created for investigation records or reports
